

Namo was essentially conceived as a “product restaurant”. We take pride in the quality of our ingredients which are predominantly sourced from Japan. The vision for Namo was born in Tokyo and our menu is inspired by the simplicity of fresh ingredients and old-school recipes with a modern touch. We encourage you to explore our “Toyosu Selection” which changes daily based on the fish we purchase at the Toyosu Market. Our off menu items highlight the absolute best seasonal ingredients Japan has to offer.
